PREFACE**

The material covered within this student handbook is intended as a method of communicating to students and parents regarding general district information, rules and procedures and is not intended to either enlarge or diminish any Board policy, administrative regulation or collective bargaining agreement. Material contained herein may therefore be superseded by such Board policy, administrative regulation or collective bargaining agreement. Board policies are available at the district office [and the district website].

Any information contained in this student handbook is subject to unilateral revision or elimination from time to time without notice.

ACADEMIC INTEGRITY

Students are expected to put forth their best effort on tests and assignments. Assisting others is prohibited when it would constitute academic dishonesty. Prohibited events include, but are not limited to, using or sharing prohibited study aides or other written materials on tests and assignments. Academic dishonesty also includes sharing, collaborating or communicating with others on tests or assignments, before or during tests or assignments in violation of directions by the class instructor. Academic dishonesty may also include knowingly sharing false information or knowingly misleading another to reach a false answer or conclusion.

Violation of the policy may result in discipline as deemed appropriate by the instructor or administration, based on the nature and seriousness of the offense.

ADMISSION**

A student seeking enrollment in the district for the first time must meet all academic, age, immunization, tuition and other eligibility prerequisites for admission as set forth in state law, Board policy and administrative regulations. Students and their parents should contact the office for admission requirements.

The district may deny regular school admission to a student who is expelled from another school district and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons laws and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

Alternative education services will not be provided to students expelled from another school district for violation of applicable state or federal weapons laws and who subsequently become a resident of the district.

ALTERNATIVE EDUCATION PROGRAMS**

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; for students who have not met or who have exceeded all of Oregon's academic content standards; when necessary to meet a student's educational needs and interests; to assist students in achieving district and state academic content standards; or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district will not provide alternative education programs for students expelled for violation of applicable state or federal weapons laws.

In-District Alternative Education Programs

Examples of alternative education program options are not limited to, but include:

1. Tutorial instruction;
2. Professional technical programs;

3. Work experience;
4. Instructional activities provided by other accredited institutions;
5. Community service;
6. Independent study;
7. Expanded Options Program;
8. Others as approved by the district.

Parents may request additional in-district alternative education programs by submitting written requests to the [principal].

Non-district Alternative Education Programs

1. Other school(s)/program(s);
2. Community college;
3. Others as approved by the district.]

The district will not assume alternative education costs for any student not placed in an alternative program according to procedures established by the district and Oregon law.

If a parent receives an exemption on a semiannual basis to withdraw a student age 16 or 17 from school, the district has no obligation to pay for an alternative education program.

If a student is not successful in the alternative education program or the alternative education programs are not accepted by the student/and or parent, there is no obligation to propose or fund a second program.

ALTERNATIVE EDUCATION NOTIFICATION**

Individual notification to students and parents regarding the availability of alternative education programs will be given semi-annually or when new programs become available under the following situations, as appropriate:

1. When two or more severe disciplinary problems occur within a three-year period (Severe disciplinary problems will be defined in the Student Code of Conduct);
2. When attendance is so erratic the student is not benefitting from the educational program (Erratic attendance will be defined on a case-by-case basis.);
3. When an expulsion is being considered;[*]
4. When a student is expelled; [*]
5. When a student’s parent or emancipated student applies for exemption from attendance on a semi-annual basis.

Individual notification shall be **hand-delivered** or sent by certified mail. Parents shall receive individual notification prior to an actual expulsion.

Notification shall include:

1. The student’s action;
2. A list of alternative education programs for the student;
3. The program recommendation based upon the student’s learning styles and needs;
4. Procedures for enrolling the student in the recommended program.

[*The district will not provide alternative education programs for students expelled for violations of applicable state or federal weapon laws.]

ANIMAL DISSECTION

In courses including animal dissection, a student may request alternative coursework rather than participate in dissection activities on any animal. The district will provide alternative materials and methods of learning the course curriculum. A student will not be penalized for exercising this option for alternative instruction opposed to animal dissection.

ANIMALS IN THE SCHOOL

Only service animals, as defined in the Americans with Disabilities Act, serving persons with a disability and animals approved by the building principal that are part of an approved district curriculum or co-curricular activity are allowed in district facilities.

Animals, except those service animals serving persons with a disability, may not be transported on a school bus.

ASBESTOS

The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having its buildings inspected by accredited inspectors and the development of a management plan for the control of this substance.

The management plan is available for public inspection in the district office.

The [superintendent] serves as the district's asbestos program manager and may be reached for additional information.

ASSEMBLIES

A student's conduct in assemblies must meet the same standard as in the classroom. A student who does not abide by the district's Student Code of Conduct during an assembly shall be subject to disciplinary action.

ASSESSMENT PROGRAM

The district's assessment program shall be designed for the purpose of determining district and school program improvement and individual student needs including the requirements of the Oregon Administrative Rules. Assessments shall be used to measure the academic content standards and Essential Skills and to identify students who meet or exceed the performance standards and Essential Skills adopted by the State Board of Education.

Students may opt-out of the statewide summative assessments as provided by state law. The district shall provide the required notice and necessary forms to the student. The district shall provide supervised study time for students who are excused from participating in the assessment.

ATTENDANCE**

All students between the ages of 6 and 18, who have not completed grade 12, are required to regularly attend a public full-time school, unless otherwise exempted by law. Staff will monitor and report violations of the state compulsory attendance law. All students five years of age who have been enrolled in a public school are required to attend regularly.

Any person who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements [may] be issued a citation by the district for the student's failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine, as provided by ORS 339.095.

The district will notify the parent in writing that, in accordance with law, the building principal will schedule a conference with the non-attending student and his/her parent(s) to discuss attendance requirements. The written notice will include the following:

1. The building principal or the designee has the authority to enforce the provisions of the compulsory attendance laws;
2. Failure to send a student to school is a Class C violation;
3. A citation may be issued by the district;
4. The parent has the right to request:
 - a. An evaluation to determine if the student should have an individualized education program (IEP), if the student does not have one; or
 - b. A review of the student's current Individualized Education Program (IEP).
5. A conference with the parent and student is required. The conference may not be scheduled until after an evaluation or review as described in item 4. above, if requested by the parent, has been completed.

The written notification will be in the native language of the parent.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may, under ORS 163.577(1) (c), be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required. Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

Absence and Excuses

When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence. Absence from school or class will be excused under the following circumstances:

1. Illness of the student;
2. Illness of an immediate family member when the student's presence at home is necessary;
3. Emergency situations that require the student's absence;
4. Field trips and school-approved activities;
5. Medical or dental appointments. Confirmation of appointments may be required;
6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Each school shall notify a parent or guardian by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone or another method identified in writing by the parent or guardian. If the parent or guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal, religious or ethnic considerations.

A student who must leave school during the day, must bring a note from his/her parent. A student who becomes ill during the school day should, with the teacher's permission, report to the office. The administration will decide whether or not the student should be sent home and will notify the student's parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment.

Absenteeism will not be used as a sole criterion for the reduction of grades. A student who is absent from school for any reason may not be allowed to participate in school-related activities on that day or evening.

Suspension of Driving Privileges

Students who fail to maintain regular enrollment in school may have either their driving privileges suspended or the right to apply for driving privileges suspended. The superintendent or designee may, under ORS 339.257, notify the Oregon Department of Transportation (ODOT) of the withdrawal of a student who is at least 15 years of age and under 18 years of age. Upon notice by the district that a student has withdrawn from school, ODOT shall notify the student that driving privileges will be suspended on the 30th day following the date of notice unless the student presents documentation that complies with ORS 807.066.

A student shall be considered to have withdrawn from school if the student has:

1. More than 10 consecutive days of unexcused absence; or
2. Fifteen school days total of unexcused absences during a single semester.

The student has a right to appeal the superintendent/designee's decision through district suspension/expulsion due process procedures.

Truancy

A student who is absent from school or from any class without permission will be considered truant and will be subject to disciplinary action including detention, suspension, ineligibility to participate in athletics or other activities and/or loss of driving privileges.

CLOSED CAMPUS/OPEN CAMPUS

Campuses are closed from the time of arrival until classes are dismissed at the end of the school day.

No student is to leave at any time, for any reason, with the following exceptions:

1. Permission granted by parent and approved by the administrator;
2. Students who have parent- and school-approved work-release privilege.

Students who leave school grounds without authorized permission are considered truant

CLUBS AND ORGANIZATIONS

Student clubs and performing groups such as the band, choir, rally, dance, drama and athletic teams may establish rules of conduct – and consequences for misconduct – that are stricter than those for students in general. If a violation is also a violation of the Student Code of Conduct, the consequences specified by the district shall apply in addition to any consequences specified by the organization.

See Appendix B.

COMMUNICABLE DISEASES**

Parents of a student with a communicable or contagious disease are asked to telephone the office manager so that other students who have been exposed to the disease can be alerted. A student with certain school restrictable diseases is not allowed to come to school while the disease is contagious. This restriction is removed by the written statement of the local health officer or a licensed physician (with the concurrence of the local health officer) that the disease is no longer communicable to others in the school setting. For those diseases indicated by an asterisk (*) below, the restriction may be removed by a school nurse. For head lice, indicated by a double asterisk (**) below, the restriction may be removed after the parent provides a signed statement that a recognized treatment has been initiated.

These diseases include chicken pox*, cholera, diphtheria, measles, meningitis, mumps*, lice infestations**, whooping cough, plague, rubella, scabies*, staph infections*, strep infections*, tuberculosis and pandemic flu. Parents with questions should contact the school office.

Students will be provided with a Nestucca Valley School District email that they may have access to during school hours. All students must read and sign the Nestucca Valley School District Internet and Email Use Policy.

The district's electronic communications system meets the following federal Children's Internet Protection Act (CIPA) requirements:

The district retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted received or contained in the district's information system are the district's property and are to be used for authorized purposes only. Use of district equipment or software for unauthorized purposes is strictly prohibited.

To maintain system integrity, monitor network etiquette and ensure that those authorized to use the district's system are in compliance with Board policy, administrative regulations and law, school administrators may routinely review user files and communications.

Files and other information, including e-mail, sent or received, generated or stored on district servers are not private and may be subject to monitoring. By using the district's system, individuals consent to have that use monitored by authorized district personnel. The district reserves the right to access and disclose, as appropriate, all information and data contained on district computers and district-owned e-mail system.

Students who violate Board policy, administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including expulsion and/or revocation of district system access. Violations of law will be reported to law enforcement officials.

(3) in any other case the teacher considers necessary.

The district encourages a student or parent in need of additional information or with questions or concerns to confer with the appropriate teacher, counselor or principal. A parent who wishes to confer with a teacher may call the office for an appointment before or after school, during the teacher’s preparation period or request that the teacher call the parent to arrange a mutually convenient time.

COUNSELING**

Academic Counseling

Students are encouraged to talk with a district counselor, teachers and building administrators in order to learn about the curriculum, course offerings and graduation requirements. All students in grades [9-12] and their parents shall be notified annually about the recommended courses for students. Students who are interested in attending a college, university or training school, or pursuing some other advanced education, should work closely with their counselor so that they may take the courses that will best prepare them for further work. The counselor can also provide information about entrance examinations required by many colleges and universities, as well as information about financial aid and housing.

Personal Counseling

A counselor or school administrator is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, academic, drug, alcohol and/or tobacco dependency. The counselor may also make available information about community resources to address personal concerns. Students aged 14 and above may talk with a counselor or administrator without parents' permission.

CREDIT BY EXAMINATION

A student who has had sufficient prior formal instruction, as determined by the district and on the basis of a review of the student's educational records, may gain credit for a course by passing an examination designed to measure proficiency or mastery of identified standards (knowledge and skills). A student may not use credit by examination to regain eligibility to participate in extracurricular activities.

See Fees, Fines and Charges.

DANCES/SOCIAL EVENTS

The rules of good conduct and grooming shall be observed for school dances and social events. Guests will be expected to observe the same rules as students attending the events. Anyone leaving before the official end of the activity will not be readmitted.

DISCIPLINE/DUE PROCESS**

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline in the district is based upon a philosophy designed to produce behavioural changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that uses approaches that are shown through research to be effective.

Disciplinary measures are applied, without bias, depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug or drug paraphernalia, alcohol- and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law enforcement officials. Violations of the district's weapons policy, as required by law, shall be reported to law enforcement.

Detention

A student may be detained outside of school hours on one or more days if the student violates the Student Code of Conduct. The detention shall not begin, however, until the student's parents have been notified of the reason for the detention and can make arrangements for the student's transportation on the day(s) of the detention.

Discipline of Students with Disabilities

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a student without disabilities, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year, for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearings officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

Expulsion

Students may be expelled for any of the following circumstances: a) when a student's conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student's behavior have been ineffective, except that expulsion may not be used to address truancy; or c) when required by law.

The district shall consider the age of the student and the student's past pattern of behavior prior to imposing the expulsion. The use of out-of-school expulsion of a student in the fifth grade or below, is limited to:

1. Non-accidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administration's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights and alternative education provisions as required by law. See alternative education programs and alternative education notice in this handbook.

Suspension

A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: a) willful violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students or staff members; or d) willful conduct which damages or injures district property.

The district may require a student to attend school during non-school hours as an alternative to suspension.

An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

School work missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term and unit examinations without an academic penalty.

DRESS AND GROOMING

The district's dress code is established to promote appropriate grooming and hygiene, prevent disruption and avoid safety hazards.

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards approved by the principal and may be denied the opportunity to participate if those standards are not met.

Student dress should:

(1) Contribute to a safe and healthy school environment; (2) prepare students for successful entry into the world of work; and (3) not be disruptive to school operations or the classroom educational process.

The following are some specific guidelines students are to observe:

1. Clothing which is revealing, demeans the value of the wearer, or disrupts the education atmosphere should not be worn.
2. Net football jerseys or muscle shirts are not be worn unless an acceptable shirt is worn underneath.
3. Underwear should not be showing and midriffs will be covered throughout normal body movement.
4. Clothing with obscenity, sex, or drug/ alcohol/tobacco messages on it is not to be worn.
5. Clothing containing messages which are offensive to others' gender, ethnicity, or other personal qualities is not to be worn.
6. Footwear will be worn at all times. (Oregon State Law)
7. Clothing is not allowed that is associated with gangs* or gang related activity (i.e. insignias, bandanas, saggy pants below the hips, long chains, spike jewelry).
8. Dresses, skirts and shorts must be no shorter than 6" from the top of the kneecap, throughout normal body movement.
9. Spandex, running tights, etc., should only be worn during PE and must conform to the length requirements of the dress code. Spandex type shorts and leggings must be layered under appropriate garments for wear during the school day. (Athletic uniforms are the only exception to this rule.)

DRUG, ALCOHOL AND TOBACCO PREVENTION PROGRAM**

The possession, selling and/or use of illegal and harmful drugs, alcohol, tobacco products and inhalant delivery systems are strictly prohibited. This includes substance abuse and drug paraphernalia. This prohibition applies during the regular school day and/or at any district-related activity, regardless of time or location and while being transported on district-provided transportation. Student in violation of the district’s policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct.

Since drug, alcohol and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, the district has a fundamental and ethical obligation to prevent drug, alcohol and tobacco use and to maintain a drug-free educational environment.

An aggressive intervention program to eliminate drug, alcohol and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol and tobacco prevention curriculum will be taught annually to all students.

The program also includes staff training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically and/or legally as a result of illegal drug, alcohol and tobacco use.

The district’s drug, alcohol and tobacco prevention program will be reviewed and updated annually. Parents are encouraged to contact the principal’s office for information on district and community resources available to assist students in need.

EMERGENCY MEDICAL TREATMENT

A student who becomes ill or is injured at school must notify his/her teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms and submitted by parents to the school. Parents are encouraged to update this information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student’s parents or to another person as directed by parents on the student’s emergency form.

School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student’s parents whenever the student has been transported for treatment.

EMERGENCY SCHOOL CLOSING INFORMATION

In case of hazardous or emergency conditions, the superintendent may alter district and transportation schedules, as are appropriate to the particular condition. Such alterations include closure of all schools, closure of selected schools or grade levels, delayed openings of schools and early dismissal of students. You will be notified by Facebook, the District Webpage, AlertNow, and local media.

[EXPANDED OPTIONS PROGRAM

Upon providing evidence of successful completion of a post-secondary course through the Expanded Options Program, the district will grant credit to the student. By February 15th, the high school will send a notice about the program explaining eligibility requirements. A student may apply to and be accepted by a post-secondary institution. If accepted and if a student wishes to take an eligible course through this program, a student must notify the district no later than May 15th of that year. For students that have not registered for the Expanded Options program, NVSD will pay the tuition and fees, not books nor lab fees, portion for one class per school year.

Any additional classes during the same school year, regardless of Expanded Options registration, will be at the student's expense.

EXTRACURRICULAR ACTIVITIES

Interested students should contact the office athletic staff or refer to the athletic extracurricular handbook for additional information.

1. Club dues;
2. Security deposits;
3. Materials for a class project the student will keep in excess of minimum course requirements and at the option of the student;

The district may impose certain restrictions and/or penalties until fees, fines or damages are paid. All such restrictions and/or penalties shall end upon payment of amount owed. Fees, fines and charges owed to the district may be waived at the discretion of the superintendent or designee if:

1. The district determines that the parent of the student is unable to pay the debt;
2. The payment of the debt could impact the health or safety of the student;
3. The creation of the notice of the debt owned would cost more than the potential total debt collected relating to the notice;
4. There are mitigating circumstances as determined by the superintendent or designee that preclude the collection of the debt.

A written notice will be provided to the student and his/her parent(s) of the district's intent to collect fees, fines and damages owed. The district may pursue possible restrictions and/or penalties through a private collection agency or other method available to the district.

Debts not paid within 10 calendar days of the district's notice to the student and parent will result in possible restrictions and/or penalties, until the debt is paid and possible referral of the debt to a private collection agency or other methods available to the district. All such funds will be expended for the purpose of supporting the school's extracurricular activities program. The principal is responsible for administering student activity funds. The student body treasurer serves as the student government representative in administration of student activity funds.

GRADE CLASSIFICATION

After the ninth grade, students are classified by grade level according to the number of units of credit earned toward graduation.

GRADE REDUCTION/CREDIT DENIAL

Punctual and regular attendance is essential to the academic success of students. District staff may consider a student's attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on nonattendance due to religious reasons, a student's disability or an unexcused absence, as determined by district policy.

At the beginning of each school year or course, teachers will inform students and parents how attendance and class participation are related to the instructional goals of the subject or course.

Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons.

GRADUATION EXERCISES

Students in good standing who have successfully completed the requirements for a high school diploma, a modified diploma, an extended diploma or an alternative certificate may participate in graduation exercises. Students who have not met the district's diploma or certificate requirements will not be permitted to take part in the district's graduation exercises. Additionally, students may be denied participation in graduation exercises for violation of Board policies, administrative regulations or school rules.

The valedictorian(s), salutatorian(s) or others may be permitted to speak as part of the graduation exercise program at the discretion of the building principal or designee. All speeches will be reviewed and approved in advance by the building principal or designee.

Accordingly, appropriate graduation programs may be planned by the Superintendent on the date selected by the Board of Education. All students who have successfully completed the requirements for a senior high school diploma or Modified Diploma and are in good standing may participate in graduation exercises. The valedictorian and salutatorian will be selected at the end of the 3rd quarter, senior year. Students earning a modified diploma will not be considered for Valedictorian or Salutatorian. Student speeches may be permitted at the discretion of the district and shall be reviewed and approved in advance by the building principal or designee.

GRADUATION DIPLOMA REQUIREMENTS

The Board establishes graduation requirements for the awarding of a high school diploma, a modified diploma, an extended diploma and an alternative certificate, which meet or exceed state requirements.

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than four years if consent is received by the student's parent or guardian or by the student if he/she is 18 years of age or older or emancipated.

Students will have onsite access to the appropriate resources to achieve a diploma, a modified diploma, an extended diploma or an alternative certificate at each high school. The district provides age appropriate and developmentally appropriate literacy instruction to all students until graduation.

The district may not deny a student, who has the documented history of an inability to maintain grade level achievement due to significant learning and instructional barriers, or of a medical condition that creates a barrier to achievements, the opportunity to pursue a diploma with more stringent requirements than a modified diploma or an extended diploma for the sole reason the student has the documented history.

Beginning in grade five or after a documented history to qualify for an extended diploma has been established, the district will annually provide to the parents or guardians of the student, information of the availability of a modified diploma, an extended diploma and an alternative certificate.

The district may award a modified diploma or an extended diploma to a student only upon the written consent of the student's parent or guardian. The district shall receive the written consent during the school year in which the modified diploma or extended diploma is awarded. A student who is emancipated or has reached the age of 18 at the time the modified diploma or extended diploma is awarded may sign the consent.

A student shall have the opportunity to satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in either 4 years after starting the ninth grade, or until the student reached the age of 21, if the student is entitled to a public education until the age of 21 under state or federal law.

A student may satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than four years but not less than three years. In order to satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than four years, the student's parent or guardian or a student who is emancipated or has reached the age of 18, must provide written consent which clearly states the parent, guardian or student is waiving the fourth year and/or years until the student reaches the age of 21. A copy of the consent will be forwarded to the district superintendent who will annually report to the Superintendent of Public Instruction the number of such consents.

A student who receives a modified diploma, an extended diploma or an alternative certificate will have the option of participating in a high school graduation ceremony with the student's class.

A student who received a modified diploma, an extended diploma or an alternative certificate shall have access to individually designed instructional hours, hours of transition services and hours of other services that equals at least the total number of instructional hours that is required to be provided to students who are attending a public high school, unless reduced by the individualized education program (IEP) team.

The district awards to students with disabilities a document certifying successful completion of program requirements. No document issued to students with disabilities educated in full or in part in a special education program shall indicate that the document is issued by such a program. When a student who has an IEP completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a Free Appropriate Public Education (FAPE) until the age of 21, even if they have earned a modified diploma, an extended diploma, an alternate certificate or completion of a General Education Development document. The continuance of services for students with disabilities for a modified diploma, an extended diploma or an alternative certificate is contingent on the IEP team determining the student's continued eligibility and special education services are needed.

The district may not deny a diploma to a student who has opted out of the statewide assessment if the student is able to satisfy all other requirements for the diploma. Students who opt-out will need to meet the Essential Skills graduation requirement using another approved assessment option.

Students and their parents will be notified of graduation and diploma requirements through [the high school curriculum guide].

Essential Skills

The district will allow English Language Learner (ELL) students to demonstrate proficiency in the Essential Skills of Apply Mathematics, in a variety of settings, in the student's language of origin for those ELL students who by the end high school:

1. Are on track to meet all other graduation requirements; and
2. Are unable to demonstrate proficiency in the Essential Skills in English.

The district will allow ELL students to demonstrate proficiency in Essential Skills other than Apply Mathematics, in a variety of settings, in the student's language of origin for those ELL students who by the end high school:

1. Are on track to meet all other graduation requirements;
2. Are unable to demonstrate proficiency in the Essential Skills in English;
3. Have been enrolled in a U.S. school for five years or less; and
4. Have demonstrated sufficient English language skills using the English Language Proficiency Assessment for the 21st Century (ELPA21).

[The district will develop procedures to provide assessment options as described in the *Essential Skills and Local Performance Assessment Manual*, in the ELL student’s language of origin for those ELL students who meet the criteria above, and will develop procedures to ensure that locally scored assessment options administered in an ELL student’s language of origin are scored by a qualified rater.]

INFECTION CONTROL/HIV, HBV AND AIDS**

Although HIV, AIDS and HBV* are serious illnesses, the risk of contracting the disease in school is extremely low and generally limited to situations where non-intact skin or mouth, eye or other mucous membranes would be exposed to blood or any body fluids contaminated with blood from an infected person. Since any risk is serious, however, the

district requires that staff and students approach infection control using standard precautions. That is, each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV and/or other infectious diseases.

HIV, HBV, AIDS – Students

A student infected with HIV¹, HBV or AIDS is entitled to remain in a regular classroom setting and eligible for all rights, privileges and services as provided by law and Board policy. The district recognizes that a student (parent) has no obligation to report an HIV, HBV or AIDS condition diagnosis to the district.

If the district is informed, the district is also prohibited by law from releasing information unless the infected person or parent gives permission for such release.

If a student (parent) wishes to divulge such information and continues attending school, the district will meet with the infected individual or representative to develop appropriate procedures.

Individuals with questions regarding these requirements of law or district procedures should contact the [school nurse] [superintendent].

District-Administered Medication

Requests for the district to administer medication shall be made by the parent in writing and shall include permission from the parent.

Written instructions of the physician are required for all requests to administer prescription medication. Such instructions must include the following information: name of the student, name of the medication, dosage, method of administration, frequency of administration and any other special instructions. All medication to be administered by the district is to be brought to school by the parent in its original container. In the case of prescription medication, permission from the physician or other licensed health care provider is also required. Such permission may be indicated on the prescription label. All medication must be kept in its appropriately-labeled, original container. The student's name is to be affixed to nonprescription medication.

Students may have in their possession only the amount of medication needed for that school day. Except for manufacturer's packaging that contains multiple dosage, the student may carry one package. Sharing or borrowing nonprescription or prescription medication of any kind is strictly prohibited.

FIGHT SONG

Oh, when the mighty Bobcats fall in line,
We're gonna win this game no other time.
And for the dear old school we love so well,
We're gonna yell and yell and yell and yell and yell
We're gonna fight, fight, fight forevermore.
We're gonna win this game,
If we never win no more.
We're gonna roll that other team
Off the floor, off the floor.
Fight team, FIGHT!

ALMA MATER

High above Nestucca's waters,
Towering to the sky,
Pledge forever with our loyalty,
Hail Nestucca High!

Cheer our Bobcats on to victory,
Shout our praises high!
Forward ever, falter never,
Hail Nestucca High!

ACADEMIC HONOR ROLL

The honor roll will be determined each semester and is intended to recognize student achievement in the school’s academic program. To be on the Academic Honor Roll, a student must have a 3.5 GPA and be enrolled in a minimum of four Nestucca Jr/Sr High School academic courses worth 4.0 credits, or two Nestucca Jr/Sr High School academic courses worth 2.0 and two college classes. Nestucca High School recognizes that because of the diversity of the total educational program, not all students may be eligible for the Academic Honor Roll. Points are given the various grades as follows: “A” Grade = 4 points; “B” Grade = 3 points; “C” Grade = 2 points; “D” Grade = 1 point; and “F” Grade = 0 points.

NATIONAL HONOR SOCIETY

The National Honor Society is an active club for sophomores through seniors who have at least a 3.4 grade point average (GPA). This organization stresses scholarship, leadership, service, and character.

Students apply for membership by filling out an application. A faculty advisory committee selects students for membership. Membership criteria is as follows:

- (1) 3.5 GPA or higher;
- (2) Demonstration of leadership qualities;
- (3) Demonstration of service; and
- (4) Demonstration of character.

Students must maintain the above requirements or face dismissal. Induction of new members will occur once a year. National Honor Society awards include a pin, membership card, certificate and an Honor cord to wear at graduation.

PSAT will be given to all Sophomores on October 11, 2017. Juniors may retake the PSAT on this date, but must pay a \$15 fee to the office prior to the testing date. You can find out more information about the PSAT at <https://collegereadiness.collegeboard.org/psat-nmsqt-psat-10>.

The SAT is offered once a month throughout the school year (except for January and February), but we administer it here at Nestucca on December 2nd and March 10th. You have to register for the SAT online, but if you are on free or reduced lunch, please see our testing coordinator for a fee waiver. For more information on the SAT, and to take practice tests, go to <https://collegereadiness.collegeboard.org/sat>.

ELIGIBILITY REQUIREMENTS FOR SR HIGH CO-CURRICULAR ACTIVITIES

Co-Curricular activities requiring student eligibility to participate are the same as in the Co-Curricular Drug, Alcohol, and Tobacco Policy.

Student eligibility is determined every nine weeks when report cards are issued. This means that eligibility lasts for nine weeks at a time. The June report card determines eligibility for the first nine weeks of school in the fall.

In order to participate in co-curricular activities for the following nine weeks, a student's report card must show that the student:

1. Is on track for graduation. (OSAA rule)
2. Was enrolled in a minimum of five class periods and earned 5.0 credits in those class periods. (OSAA rule)
3. Had no "F" grades. (NHS rule)
4. Had no more than one "D" grade. (NHS rule)
 - Students who do not meet criteria 1-4 are ineligible.
 - Students who do not meet criteria 1 and 2 can only regain their eligibility from the OSAA. See John Elder, Athletic Director, for details.
 - Students who do not meet criteria 3 or 4 are ineligible for the first 4 ½ weeks of the next grading period, until Progress Reports are issued to parents.
 - If the ineligible student meets criteria 3 and 4 on his/her Progress Report, the student has regained his/her eligibility for the last 4 ½ weeks of the grading period.
 - If the ineligible student does not meet criteria 3 and 4 on his/her Progress Report, the student remains ineligible for the last 4 ½ weeks of the grading period.

Exceptions to these four requirements may be granted for extend illness, injuries, or circumstances beyond the control of the student. The Co-Curricular Review Board must rule on all exceptions. In addition, students who are on an Individualized Educational Plan (IEP), who are home schooled, or who are foreign exchange students, may appeal to the Co-Curricular Review Board.

Finally, participation in co-curricular activities is a student privilege not a right. Unacceptable conduct may result in a student forfeiting the privilege to participate.

ELIGIBILITY REQUIREMENTS FOR JR HIGH CO-CURRICULAR ACTIVITIES

Student academic eligibility is determined weekly. Students can have no “F” grades and no more than one “D”. Students who do not meet this academic standard will be on probation for one week of practice and games. If after 1 week - grades are not improved, student is ineligible and may not practice or play for an entire week. A student may participate in practice only on any day that the student is assigned in school suspension.

Teachers will make a weekly determination relative to each student’s academic status and progress for those students (minimum grade requirements may not apply) who have an active Individual Education Plan (IEP).

A student must be in attendance for the entire school day in order to participate in an after school activity, game or meet. If a student goes home sick, they are not permitted to come back that day for practice.

Exceptions will be made for medical/dental appointments that are verified.
