## District Mission

The Board believes:

1. That education is a major civilizing influence on the development of a humane, responsible and informed citizenry, able to adjust and grow in a rapidly changing world;
2. That students must be encouraged to learn their heritage and their place in the global society;
3. That all students will learn when offered appropriate opportunities;
4. That all students will be held to rigorous standards;
5. That all students will be expected to succeed;
6. That access to quality education must be provided for all students regardless of linguistic background, culture, race, sex, sexual orientation, capability or geographic location;
7. That staff members will strive to aid in each students' intellectual, physical, moral, emotional, aesthetic and social growth so that he/she may become a useful and responsible member of home, community and society while leading a personally rewarding life;
8. That students have the highest potential to succeed both in school and in achieving future goals when the school, the parents/guardians and the community work as partners;
9. That all students will be supported in their physical and cognitive growth and development.
