High School Credit for Middle School Course Work

The district encourages students to perform at the highest level possible in their course work. Recognizing that some upper level middle school students are able to master existing high school curriculum, it is the policy of the district to allow qualified middle school students to take designated high school classes/courses with the prior approval of both the middle and high school principals. Credits taken before grade nine will be counted toward meeting high school graduation requirements. In order for classes to be counted for high school credit the classes must be either taught by a high school teacher or taught by middle school teachers using the same high school textbook and adhering to the same requirements.
