**Student Involvement in Decision Making**

The Board recognizes the value of student participation in decision-making.

All students will be encouraged to attend open school Board meetings and to participate in discussions. A student representative to the Board may be appointed annually or asked to provide input to the Board as appropriate.

In developing rules, regulations and arrangements for school system operation, the superintendent will include at the planning stage, whenever feasible and appropriate, a representative of those students who will be affected by such provisions.

The superintendent will establish procedures through which students can readily communicate their ideas and opinions regarding the operation of the schools.
