

Oregon achieves . . . together!

## **OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21**

# Updated 7/29/2020

Under ODE's *Ready Schools, Safe Learners* guidance, each school<sup>1</sup> has been directed to submit a plan to the district<sup>2</sup> in order to provide on-site and/or hybrid instruction. Districts must submit each school's plan to the local school board and make the plans available to the public. This form is to be used to document a district's, school's or program's plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the *Ready Schools, Safe Learners* guidance document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,<sup>3</sup> parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

#### 1. Please fill out information:

SCHOOL/DISTRICT/PROGRAM INFORMATION	
Name of School, District or Program	Nestucca Valley School District
	Nestucca Elementary School
	Nestucca Junior Senior High School
	Nestucca Valley Early Center
Key Contact Person for this Plan	Misty Wharton
Phone Number of this Person	503-392-3194 Ext. 404
Email Address of this Person	mistyw@nestucca.k12.or.us
Sectors and position titles of those who	Misty Wharton, Superintendent
informed the plan	Ken Richwine, Jr./Sr. High Principal
	Chad Holloway, Elementary Principal
	Megan Kellow, Special Programs Administrator
Local public health office(s) or officers(s)	Tillamook County Health Department
Name of person Designated to Establish,	Misty Wharton, Superintendent
Implement and Enforce Physical Distancing	
Requirements	
Intended Effective Dates for this Plan	August 15, 2020-June 30, 2021
ESD Region	Northwest Regional ESD

 Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

<sup>&</sup>lt;sup>1</sup> For the purposes of this guidance: "school" refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, "school" will be used inclusively to reference all of these settings.

<sup>2</sup> For the purposes of this guidance: "district" refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

<sup>&</sup>lt;sup>3</sup> Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a government-to-government basis.

	technology availability/need	ls for next school year an	nd the preference of parents and students for the e provided in each family's native language.	,

Describ	oe why you are selecting Comprehen	sive Distance Learning as the	school's Instructional Model for the effective dates of this plan.	
recent resource	increase of confirmed Covid-19 cases ces that would allow us to meet the re	in our small, rural community equirements for an on-site lea	earning model was based on the metrics provided by the state, the y, feedback from our families and staff, as well as limited access to arning and/or hybrid learning model. At this time, the Nestucca Valley plan for our students, staff and greater community.	,
In com	nleting this partian of the Bluenrint	you are attesting that you have	ve reviewed the Comprehensive Distance Learning Guidance. Here is	
a link t			ents you need ODE to review for any possible flexibility or waiver.	2
N/A				

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the <i>Ready Schools, Safe Learners</i> guidance.
The Nestucca Valley School District plans to implement a comprehensive distance-learning program during the first nine-week grading period. During this time, we will be closely monitoring and meeting on a weekly basis (minimum) to discuss the district's ability to move into an on-site or hybrid learning model as soon as we are able to do so. As we go through this process, we will adjust our blueprint plan to reflect the current data within Tillamook County, as well as any new guideline set forth by the state. We will be including staff, students, families and stakeholders in these discussions as well.

The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.

## **ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT**

This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section.

## 1. Public Health Protocols

1a. COMMUNICABLE DISEASE MANAGEMENT PLAN FOR COVID-19

ОН	A/ODE Requirements	Hybrid/Onsite Plan
	Implement measures to limit the spreads of COVID-19 within the	
	school setting.	
	Update written Communicable Disease Management Plan to	
	specifically address the prevention of the spread of COVID-19.	
	Designate a person at each school to establish, implement and	
	enforce physical distancing requirements, consistent with this	
	guidance and other guidance from OHA.	
	Include names of the LPHA staff, school nurses, and other medical	
	experts who provided support and resources to the district/school	
	policies and plans. Review relevant local, state, and national	
	evidence to inform plan.	
	Process and procedures established to train all staff in sections 1 -	
	3 of the <i>Ready Schools, Safe Learners</i> guidance. Consider	
	conducting the training virtually, or, if in-person, ensure physical	
	distancing is maintained to the maximum extent possible.	
	Protocol to notify the local public health authority ( <u>LPHA Directory</u>	
	by County) of any confirmed COVID-19 cases among students or	
	staff.	
	Plans for systematic disinfection of classrooms, offices, bathrooms	
	and activity areas.	
	Process to report to the LPHA any cluster of any illness among staff	
	or students.	
	Protocol to cooperate with the LPHA recommendations and	
	provide all logs and information in a timely manner.	
	Protocol for screening students and staff for symptoms (see	
	section 1f of the <i>Ready Schools, Safe Learners</i> guidance).	
	Protocol to isolate any ill or exposed persons from physical contact	
	with others.	
	Protocol for communicating potential COVID-19 cases to the	
	school community and other stakeholders (see section 1e of the	
	Ready Schools, Safe Learners guidance).	

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul> <li>Create a system for maintaining daily logs for each student/cohort</li> </ul>	
for the purposes of contact tracing. This system needs to be made	
in consultation with a school/district nurse or an LPHA official.	
Sample logs are available as a part of the <u>Oregon School Nurses</u>	
Association COVID-19 Toolkit.	
If a student(s) is part of a stable cohort (a group of	
students that are consistently in contact with each other	
or in multiple cohort groups) that conform to the	
requirements of cohorting (see section 1d of the <i>Ready</i>	
Schools, Safe Learners guidance), the daily log may be	
maintained for the cohort.	
<ul> <li>If a student(s) is not part of a stable cohort, then an</li> </ul>	
individual student log must be maintained.	
Required components of individual daily student/cohort logs	
include:	
Child's name     Prop off/rich on time	
Drop off/pick up time     Deport/guardian name and emergency contact	
<ul> <li>Parent/guardian name and emergency contact information</li> </ul>	
<ul> <li>All staff (including itinerant staff, district staff,</li> </ul>	
substitutes, and guest teachers) names and phone	
numbers who interact with a stable cohort or individual	
student	
☐ Protocol to record/keep daily logs to be used for contact tracing	
for a minimum of four weeks to assist the LPHA as needed.	
☐ Process to ensure that all itinerant and all district staff	
(maintenance, administrative, delivery, nutrition, and any other	
staff) who move between buildings keep a log or calendar with a	
running four-week history of their time in each school building and	1
who they were in contact with at each site.	
Process to ensure that the school reports to and consults with the	
LPHA regarding cleaning and possible classroom or program	
closure if anyone who has entered school is diagnosed with COVIE 19.	-
☐ Protocol to respond to potential outbreaks (see section 3 of the	
Ready Schools, Safe Learners guidance).	
neady sonoon, saje zeamers gardaneer.	
	SK POPULATIONS
OHA/ODE Requirements	Hybrid/Onsite Plan
☐ Serve students in high-risk population(s) whether learning is	
happening through On-Site, Hybrid (partially On-Site and partially	
Comprehensive Distance Learning models), or Comprehensive	
Distance Learning models.	
Medically Fragile, Complex and Nursing-Dependent Student Requirements	
<ul> <li>All districts must account for students who have health conditions</li> </ul>	
that require additional nursing services. Oregon law (ORS 336.201	
defines three levels of severity related to required nursing	
services:	
1. Medically Complex: Are students who may have an	
unstable health condition and who may require daily	
professional nursing services.	
$\hfill \square$ Staff and school administrators, in partnership with school nurses,	
or other school health providers, should work with	
interdisciplinary teams to address individual student needs. The	
school registered nurse (RN) is responsible for nursing care	
provided to individual students as outlined in ODE guidance and	
state law:  • Communicate with parents and health care providers to	

the student.

OHA/ODE Re	quirements	Hybrid/Onsite Plan
•	Coordinate and update other health services the student	
	may be receiving in addition to nursing services. This	
	may include speech language pathology, occupational	
	therapy, physical therapy, as well as behavioral and	
	mental health services.	
•	Modify Health Management Plans, Care Plans, IEPs, or	
	504 or other student-level medical plans, as indicated, to	
	address current health care considerations.	
•	The RN practicing in the school setting should be	
	supported to remain up to date on current guidelines	
	and access professional support such as evidence-based	
	resources from the Oregon School Nurses Association.	
•	Service provision should consider health and safety as	
	well as legal standards.	
•	Work with an interdisciplinary team to meet	
_	requirements of ADA and FAPE.	
•	High-risk individuals may meet criteria for exclusion	
	during a local health crisis.	
•	Refer to updated state and national guidance and resources such as:	
	U.S. Department of Education Supplemental	
	Fact Sheet: Addressing the Risk of COVID-19 in	
	Preschool, Elementary and Secondary Schools	
	While Serving Children with Disabilities from	
	March 21, 2020.	
	<ul> <li>ODE guidance updates for Special Education.</li> </ul>	
	Example from March 11, 2020.	
	OAR 581-015-2000 Special Education, requires	
	districts to provide 'school health services and	
	school nurse services' as part of the 'related	
	services' in order 'to assist a child with a	
	disability to benefit from special education.'	
	<ul> <li>OAR 333-019-0010 Public Health: Investigation</li> </ul>	
	and Control of Diseases: General Powers and	
	Responsibilities, outlines authority and	
	responsibilities for school exclusion.	

## 1c. PHYSICAL DISTANCING

OH	A/ODE Requirements	Hybrid/Onsite Plan
	Establish a minimum of 35 square feet per person when	
	determining room capacity. Calculate only with usable classroom	
	space, understanding that desks and room set-up will require use	
	of all space in the calculation. This also applies for professional	
	development and staff gatherings.	
	Support physical distancing in all daily activities and instruction,	
	maintaining at least six feet between individuals to the maximum	
	extent possible.	
	Minimize time standing in lines and take steps to ensure that six	
	feet of distance between students is maintained, including marking	
	spacing on floor, one-way traffic flow in constrained spaces, etc.	
	Schedule modifications to limit the number of students in the	
	building (e.g., rotating groups by days or location, staggered	
	schedules to avoid hallway crowding and gathering).	
	Plan for students who will need additional support in learning how	
	to maintain physical distancing requirements. Provide instruction;	
	don't employ punitive discipline.	
	Staff should maintain physical distancing during all staff meetings	
	and conferences, or consider remote web-based meetings.	

1d. COHORTING

011	1/00 T D	U. I. 11/0 1/2 BI
	A/ODE Requirements	Hybrid/Onsite Plan
Ш	Where feasible, establish stable cohorts: groups should be no	
	larger than can be accommodated by the space available to	
	provide 35 square feet per person, including staff.	
	The smaller the cohort, the less risk of spreading disease.  As a both groups in spaces in size, the girls of a good in a	
	As cohort groups increase in size, the risk of spreading disease increases.	
	Students cannot be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational	
	week. Schools should plan to limit cohort sizes to allow for	
	efficient contact-tracing and minimal risk for exposure.	
	Each school must have a system for daily logs to ensure contract	
	tracing among the cohort (see section 1a of the <i>Ready Schools</i> ,	
	Safe Learners guidance).	
	Minimize interaction between students in different stable cohorts	
	(e.g., access to restrooms, activities, common areas). Provide	
	access to All Gender/Gender Neutral restrooms.	
	Cleaning and wiping surfaces (e.g., desks, door handles, etc.) must	
	be maintained between multiple student uses, even in the same	
	cohort.	
	Design cohorts such that all students (including those protected	
	under ADA and IDEA) maintain access to general education, grade	
	level learning standards, and peers.	
	Staff who interact with multiple stable cohorts must wash/sanitize	
	their hands between interactions with different stable cohorts.	
	1e. PUBLIC HEALTH	
	A/ODE Requirements	Hybrid/Onsite Plan
	Communicate to staff at the start of On-Site instruction and at	
	periodic intervals explaining infection control measures that are	
	being implemented to prevent spread of disease.

### **OHA/ODE Requirements** Hybrid/Onsite Plan Offering different types of face coverings and face shields that may meet the needs of the student. Spaces away from peers while the face covering is removed; students should not be left alone or unsupervised. Short periods of the educational day that do not include wearing the face covering, while following the other health strategies to reduce the spread of disease; Additional instructional supports to effectively wear a face covering; ☐ For students with existing medical conditions, doctor's orders to not wear face coverings, or other health related concerns, schools/districts must not deny access to On-Site instruction. ☐ Schools and districts must comply with the established IEP/504 plan prior to the closure of in-person instruction in March of 2020. If a student eligible for, or receiving services under a 504/IEP, cannot wear a face covering due to the nature of the disability, the school or district must: Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student's plan including on-site instruction with accommodations or adjustments. 2. Placement determinations cannot be made due solely to the inability to wear a face covering. 3. Plans should include updates to accommodations and modifications to support students. Students protected under ADA/IDEA, who abstain from wearing a face covering, or students whose families determine the student will not wear a face covering, the school or district must: 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student's plan. The team must determine that the disability is not prohibiting the student from meeting the requirement. If the team determines that the disability is prohibiting the student from meeting the requirement, follow the requirements for students eligible for, or receiving services under, a 504/IEP who cannot wear a face covering due to the nature of the disability, If a student's 504/IEP plan included supports/goals/instruction for behavior or social emotional learning, the school team must evaluate the student's plan prior to providing instruction through Comprehensive Distance Learning. 3. Hold a 504/IEP meeting to determine equitable access to educational opportunities which may include limited on-site instruction, on-site instruction with accommodations, or Comprehensive Distance Learning. ☐ Districts must consider child find implications for students who are not currently eligible for, or receiving services under, a 504/IEP who demonstrate an inability to consistently wear a face covering

OH	IA/ODE Requirements	Hybrid/Onsite Plan
	or face shield as required. Ongoing inability to meet this	
	requirement may be evidence of the need for an evaluation to	
	determine eligibility for support under IDEA or Section 504.	
	If a staff member requires an accommodation for the face covering	
	or face shield requirements, districts and schools should work to	
	limit the staff member's proximity to students and staff to the	
	extent possible to minimize the possibility of exposure.	

## 1i. ISOLATION MEASURES

OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Protocols for exclusion and isolation for sick students and staff	
	whether identified at the time of bus pick-up, arrival to school, or	
	at any time during the school day.	
	Protocols for screening students, as well as exclusion and isolation	
	protocols for sick students and staff identified at the time of arrival	
	or during the school day.	
	<ul> <li>Work with school nurses, health care providers, or other</li> </ul>	
	staff with expertise to determine necessary	
	modifications to areas where staff/students will be	
	isolated.	
	<ul> <li>Consider required physical arrangements to reduce risk</li> </ul>	
	of disease transmission.	
	<ul> <li>Plan for the needs of generally well students who need</li> </ul>	
	medication or routine treatment, as well as students	
	who may show signs of illness.	
	Students and staff who report or develop symptoms must be	
	isolated in a designated isolation area in the school, with adequate	
	space and staff supervision and symptom monitoring by a school	
	nurse, other school-based health care provider or school staff until	
	they are able to go home. Anyone providing supervision and	
	symptom monitoring must wear appropriate face covering or face	
	shields.	
	School nurse and health staff in close contact with	
	symptomatic individuals (less than six feet) should wear	
	a medical-grade face mask. Other Personal Protective	
	Equipment (PPE) may be needed depending on	
	symptoms and care provided. Consult a nurse or health	
	care professional regarding appropriate use of PPE. Any PPE used during care of a symptomatic individual should	
	be properly removed and disposed of prior to exiting the	
	care space.	
	After removing PPE, hands should be immediately	
	cleaned with soap and water for at least 20 seconds. If	
	soap and water are not available, hands can be cleaned	
	with an alcohol-based hand sanitizer that contains 60-	
	95% alcohol.	
	If able to do so safely, a symptomatic individual should	
	wear a face covering.	
	<ul> <li>To reduce fear, anxiety, or shame related to isolation,</li> </ul>	
	provide a clear explanation of procedures, including use	
	of PPE and handwashing.	
	Establish procedures for safely transporting anyone who is sick to	
	their home or to a health care facility.	
	Staff and students who are ill must stay home from school and	
	must be sent home if they become ill at school, particularly if they	
	have COVID-19 symptoms.	į

Hybrid/Onsite Plan

# 2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for higher risk activities (see section 5f of the *Ready Schools, Safe Learners* guidance).

#### 2a. ENROLLMENT

(Note: Section 2a does not apply to private schools.)

OHA/ODE Requirem	nents	Hybrid/Onsite Plan
☐ Enroll all stude	nts (includes foreign exchange students) following	
the standard O	regon Department of Education guidelines.	
☐ Do not disenro	Il students for non-attendance if they meet the	
following cond	itions:	
Are id	dentified as high-risk, or otherwise considered to be	
part o	of a population vulnerable to infection with COVID-	
19, o	r	
Have	COVID-19 symptoms for 10 consecutive school days	
or lor	nger.	
☐ Design attenda	ance policies to account for students who do not	
attend in-perso	on due to student or family health and safety	
concerns.		

**2b. ATTENDANCE** 

(Note: Section 2b does not apply to private schools.)

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Grades K-5: Attendance must be taken at least once per day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning).  Grades 6-12: Attendance must be taken at least once for each scheduled class that day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning).  Provide families with clear and concise descriptions of student attendance and participation expectations as well as family involvement expectations that take into consideration the home environment, caregiver's work schedule, and mental/physical health.	Tryphdy Onside Flan
	2c. TECH	NOLOGY
OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Update procedures for district-owned or <i>school-owned</i> devices to match cleaning requirements (see section 2d of the <i>Ready Schools, Safe Learners</i> guidance).  Procedures for return, inventory, updating, and redistributing district-owned devices must meet physical distancing requirements.	
	2d. SCHOOL SPECIFIC FUNC	CTIONS/FACILITY FEATURES
OH#	A/ODE Requirements	Hybrid/Onsite Plan
	Handwashing: All people on campus should be advised and	Handwashing:
	encouraged to wash their hands frequently.	
	<b>Equipment:</b> Develop and use sanitizing protocols for all equipment used by more than one individual or purchase equipment for individual use.	<ul><li>Equipment:</li><li>Events:</li></ul>
	<b>Events:</b> Cancel, modify, or postpone field trips, assemblies, athletic	Transitions/Hallugues
	events, practices, special performances, school-wide parent	Transitions/Hallways:
	meetings and other large gatherings to meet requirements for physical distancing.	Personal Property:
	Transitions/Hallways: Limit transitions to the extent possible.	
	Create hallway procedures to promote physical distancing and minimize gatherings.	
	Personal Property: Establish policies for personal property being	
	brought to school (e.g., refillable water bottles, school supplies,	
	headphones/earbuds, cell phones, books, instruments, etc.). If	
	personal items are brought to school, they must be labeled prior to	
	entering school and use should be limited to the item owner.	
	2e. ARRIVAI A	ND DISMISSAL
OH.	A/ODE Requirements	Hybrid/Onsite Plan
	Physical distancing, stable cohorts, square footage, and cleaning requirements must be maintained during arrival and dismissal	
	procedures.  Create schedule(s) and communicate staggered arrival and/or	
	dismissal times.	
	Assign students or cohorts to an entrance; assign staff member(s) to conduct visual screenings (see section 1f of the <i>Ready Schools, Safe Learners</i> guidance).	
	Ensure accurate sign-in/sign-out protocols to help facilitate	
	contact tracing by the LPHA. Sign-in procedures are not a	
	replacement for entrance and screening requirements. Students	
	entering school after arrival times must be screened for the	
	primary symptoms of concern.	
	<ul> <li>Eliminate shared pen and paper sign-in/sign-out sheets.</li> </ul>	

ОН	A/ODE Requirements	Hybrid/Onsite Plan
	<ul> <li>Ensure hand sanitizer is available if signing children in or</li> </ul>	
	out on an electronic device.	
	Ensure hand sanitizer dispensers are easily accessible near all entry	
	doors and other high-traffic areas. Establish and clearly	
	communicate procedures for keeping caregiver drop-off/pick-up as	
	brief as possible.	
	2f. CLASSROOMS/REPUR	POSED LEARNING SPACES
ОН	A/ODE Requirements	Hybrid/Onsite Plan
	Seating: Rearrange student desks and other seat spaces so that	• Seating:
	staff and students' physical bodies are six feet apart to the	seuting.
	maximum extent possible while also maintaining 35 square feet	Materials:
	per person; assign seating so students are in the same seat at all	
	times.	Handwashing:
	Materials: Avoid sharing of community supplies when possible	
	(e.g., scissors, pencils, etc.). Clean these items frequently. Provide	
	hand sanitizer and tissues for use by students and staff.	
	Handwashing: Remind students (with signage and regular verbal	
	reminders from staff) of the utmost importance of hand hygiene	
	and respiratory etiquette. Respiratory etiquette means covering	
	coughs and sneezes with an elbow or a tissue. Tissues should be disposed of in a garbage can, then hands washed or sanitized	
	immediately.	
	Wash hands with soap and water for 20 seconds or use	
	an alcohol-based hand sanitizer with 60-95% alcohol.	
	2g. PLAYGROUNDS, FIELDS, REC	ESS, BREAKS, AND RESTROOMS

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Students must wash hands with soap and water for 20 seconds or	
	use an alcohol-based hand sanitizer with 60-95% alcohol before	
	meals and should be encouraged to do so after.	
	Appropriate daily cleaning of meal items (e.g., plates, utensils,	
	transport items) in classrooms where meals are consumed.	
	Cleaning and sanitizing of meal touch-points and meal counting	
	system between stable cohorts.	
	Adequate cleaning of tables between meal periods.	
	Since staff must remove their face coverings during eating and	
	drinking, staff should eat snacks and meals independently, and not	
	in staff rooms when other people are present. Consider staggering	
	times for staff breaks, to prevent congregation in shared spaces.	
	times for start breaks, to prevent congregation in shared spaces.	
	2; TRANSD	PORTATION
OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Include transportation departments (and associated contracted	Tryshap Onsite Figure
	providers, if used) in planning for return to service.	
	•	
	Buses are cleaned frequently. Conduct targeted cleanings between	
	routes, with a focus on disinfecting frequently touched surfaces of	
	the bus (see section 2j of the <i>Ready Schools, Safe Learners</i>	
	guidance).	
Ш	Develop protocol for loading/unloading that includes visual	
	screening for students exhibiting symptoms and logs for contact-	
	tracing. This can be done at the time of arrival and departure.	
	If a student displays COVID-19 symptoms, provide a face	
	shield or face covering (unless they are already wearing	
	one) and keep six feet away from others. Continue	
	transporting the student.	
	<ul> <li>If arriving at school, notify staff to begin isolation</li> </ul>	
	measures.	
	<ul> <li>If transporting for dismissal and the student</li> </ul>	
	displays an onset of symptoms, notify the	
_	school.	
Ш	Consult with parents/guardians of students who may require	
	additional support (e.g., students who experience a disability and	
	require specialized transportation as a related service) to	
_	appropriately provide service.	
	Drivers wear face shields or face coverings when not actively	
	driving and operating the bus.	
	Inform parents/guardians of practical changes to transportation	
	service (i.e., physical distancing at bus stops and while	
	loading/unloading, potential for increased route time due to	
_	additional precautions, sanitizing practices, and face coverings).	
	Face coverings or face shields for all students in grades	
	Kindergarten and up following <u>CDC guidelines</u> applying the	
	guidance in section 1h of the <i>Ready Schools, Safe Learners</i>	
	guidance to transportation settings.	
	•	TION, AND VENTILATION
OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Clean, sanitize, and disinfect frequently touched surfaces (e.g.,	
	playground equipment, door handles, sink handles, drinking	
	fountains, transport vehicles) and shared objects (e.g., toys,	
	games, art supplies) between uses multiple times per day.	
	Maintain clean and disinfected ( <u>CDC guidance</u> ) environments,	
	including classrooms, cafeteria settings and restrooms.	
	<u>Clean and disinfect</u> playground equipment at least daily or	
	between use as much as possible in accordance with CDC	
	guidance.	

OH	A/ODE Requirements	Hybrid/Onsite Plan
	Apply disinfectants safely and correctly following labeling direction	Tryphay Glistee Flair
	as specified by the manufacturer. Keep these products away from	
	students.	
	To reduce the risk of asthma, choose disinfectant products on the	
	EPA List N with asthma-safer ingredients (e.g. hydrogen peroxide,	
	citric acid, or lactic acid) and avoid products that mix these with	
	asthma-causing ingredients like peroxyacetic acid, sodium	
	hypochlorite (bleach), or quaternary ammonium compounds.	
	Operate ventilation systems properly and/or increase circulation of	
	outdoor air as much as possible by opening windows and doors,	
	using fans, and through other methods. Consider running	
	ventilation systems continuously and changing the filters more	
	frequently. Do <u>not</u> use fans if they pose a safety or health risk,	
	such as increasing exposure to pollen/allergies or exacerbating	
	asthma symptoms. For example, do not use fans if doors and	
	windows are closed and the fans are recirculating the classroom	
	air.	
	Consider the need for increased ventilation in areas where	
	students with special health care needs receive medication or	
	treatments.	
Ш	Facilities should be cleaned and disinfected at least daily to	
	prevent transmission of the virus from surfaces (see <u>CDC's</u>	
	guidance on disinfecting public spaces).	
Ш	Air circulation and filtration are helpful factors in reducing airborne viruses. Consider modification or enhancement of building	
	ventilation where feasible (see <u>CDC's guidance on ventilation and</u>	
	filtration and American Society of Heating, Refrigerating, and Air-	
	Conditioning Engineers' guidance).	
<u> </u>	Containing angineers Assessment

BOARDING SCHOOLS AND FA/ODE Requirements	ESIDENTIAL PROGRAMS ONLY
OH/	OAR 581-022-2220 Health Services, requires districts to "maintain a prevention-oriented health services program for all students" including space to isolate sick students and services for students with special health care needs. While OAR 581-022-2220 does not apply to private schools, private schools must provide a space to isolate sick students and provide services for students with special health care needs.  Licensed, experienced health staff should be included on teams to determine district health service priorities. Collaborate with health professionals such as school nurses; SBHC staff; mental and behavioral health providers; physical, occupational, speech, and respiratory therapists; and School Based Health Centers (SBHC).  21. OHA/ODE Requirements	Hybrid/Onsite Plan
Not allow more than two students to share a residential dorm room unless alternative housing arrangements are impossible     Ensure at least 64 square feet of room space per resident     Reduce overall residential density to ensure sufficient space for the isolation of sick or potentially infected individuals, as necessary;     Configure common spaces to maximize physical distancing;     Provide enhanced cleaning;	
<ul> <li>Establish plans for the containment and isolation of on- campus cases, including consideration of PPE, food delivery, and bathroom needs.</li> </ul>	

# 3. Response to Outbreak

## 3a. PREVENTION AND PLANNING

OH/	\/ODE Requirements	Hybrid/Onsite Plan
	•	Trybrid/Offsite Fian
Ш	Coordinate with Local Public Health Authority (LPHA) to establish	
	communication channels related to current transmission level.	
	Establish a specific emergency response framework with key	
	stakeholders.	
	When new cases are identified in the school setting, and the	
	incidence is low, the LPHA will provide a direct report to the	
	district nurse, or designated staff, on the diagnosed case(s).	
	Likewise, the LPHA will impose restrictions on contacts.	

	3b. RESPONSE		
OH/	A/ODE Requirements	Hybrid/Onsite Plan	
	Follow the district's or school's outbreak response protocol.		
	Coordinate with the LPHA for any outbreak response.		
	If anyone who has been on campus is known to have been		
	diagnosed with COVID-19, report the case to and consult with the		
	LPHA regarding cleaning and possible classroom or program		
	closure.		
	<ul> <li>Determination if exposures have occurred</li> </ul>		
	<ul> <li>Cleaning and disinfection guidance</li> </ul>		
	<ul> <li>Possible classroom or program closure</li> </ul>		
	Report to the LPHA any cluster of illness (2 or more people with		
	similar illness) among staff or students.		
	When cases are identified in the local region, a response team		
	should be assembled within the district and responsibilities		
	assigned within the district.		
	Modify, postpone, or cancel large school events as coordinated		
	with the LPHA.		
	If the school is closed, implement Short-Term Distance Learning or		
	Comprehensive Distance Learning models for all staff/students.		
	Continue to provide meals for students.		
	Communicate criteria that must be met in order for On-Site		
	instruction to resume and relevant timelines with families		

## **3c. RECOVERY AND REENTRY**

OHA/ODE Requirements		Hybrid/Onsite Plan
	Plan instructional models that support all learners in	
	Comprehensive Distance Learning.	

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Clean, sanitize, and disinfect surfaces (e.g., playground equipment,	
	door handles, sink handles, drinking fountains, transport vehicles)	
	and follow CDC guidance for classrooms, cafeteria settings,	
	restrooms, and playgrounds.	
	Communicate with families about options and efforts to support	
	returning to On-Site instruction.	
	Follow the LPHA guidance to begin bringing students back into On-	
	Site instruction.	
	<ul> <li>Consider smaller groups, cohorts, and rotating schedules</li> </ul>	
	to allow for a safe return to schools.	

This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section.

This section does not apply to private schools.

- ☐ We affirm that our school plan has met the requirements from ODE guidance for sections 4, 5, 6, 7, and 8 of the *Ready Schools, Safe Learners* guidance.
- We affirm that we cannot meet all of the ODE requirements for sections 4, 5, 6, 7 and/or 8 of the *Ready Schools, Safe Learners* guidance at this time. We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled "Assurance Compliance and Timeline" below.

4. Equity

5. Instruction

6. Family, Community, Engagement

7. Mental, Social, and Emotional Health

8. Staffing and Personnel

# **Assurance Compliance and Timeline**

If a district/school cannot meet the requirements from the sections above, provide a plan and timeline to meet the requirement.

List Requirement(s) Not Met	Provide a Plan and Timeline to Meet Requirements Include how/why the school is currently unable to meet them
