

Home Chrome Installation

Help Sheet

1. Open any web browser to <https://www.google.com/chrome/>
2. Click once on “Download Chrome” button
3. Run the downloaded file
 - a. If your current browser is IE you should see a bar at the bottom asking if you want to run or save the file, select run
 - b. If you see a “user account control” box asking if you want to run the Google install select Yes
 - c. Follow the Prompts to complete the installation
